

[1] My name is Luke. For leisure, what I like most is photography. When I'm free, I go somewhere and take lots of pictures with my camera. My grandparents live in the country, and that's exactly where I like to take shots of different trees, plants, animals, etc. When I come back home, my

dad helps me choose the best shots to post on my Instagram. I also participate in photography competitions. I've got a beautiful album called "Wonders of the World". My dad says we are going again to our grandparents' next weekend, and I can't wait!

[2] I like being near nature too, so when I get bored at home, my father and I go fishing in a river nearby. It is hard to catch fish in the river. It usually takes time to catch fish. "Fishing teaches

patience," my dad always tells me. Sometimes, when my father is busy with his work, I go out with my friends and play some games – not easy ones like hide-and-seek. We play games in which we fight with each other to get the treasure. Playing a good game of football with friends is also entertaining!
